“ I lost touch with David after we graduated from Headland High School, but I remember him clearly as a gregarious, happy, and thoughtful classmate. He was one of the good guys. My deepest condolences to his family and friends. Rest in peace, David.

“ I am so sorry on the loss of David, he was an amazing man, loving father and grandfather. He will truly be missed by all. I know he is walking on the streets of gold right now looking for the nearest waffle or the varsity that he so loved. May God wrap his arms around Katie and Danielle, the grand children and all the family during this difficult time.

“ All kind of thoughts went through my mind when I heard about David. For years when you saw David you saw me. for four years we wrestled on Headlands team . I knew every girl he dated because they would get me a date to double with . At a young age we started deer hunting in a club with Danny Lockwood. He and his brother started building houses, David started working for them and so did I, David started work for Delta airlines.I was in his driveway working on my motor cycle waiting for him to get off. His boss at Delta, walked across the street and asked me if I wanted a part time job at Delta 5 dollars an hour.It was 1973, so of coarse I said yes. - We were really like brothers .He would come over to the house and walk right in the house. when my Dad would see his car pull up he would go and back up to the refrigerator and put his arms around it , because that was where David was headed.- If you knew him, that was what he was like. Really a straight forward, good guy . I remember what my grandfather would say, If every man was the same, it would be a real boring world. I will miss him, Ricky Triplett
