“ To Dan & Family and Karen & Family:

*I was truly saddened to learn of your mother's passing. Betty enjoyed life and was always cheerful whenever I saw her.*

*My children and I were always grateful to Betty for letting me buy land from her so that we could build our home on Orchard Road. I have such fond memories of knowing her and living down the graveled road from her as a neighbor in the 80's and 90's. This was way before the area becoming a paved subdivision with the growth of new streets being added and the large number of homes that are now there. Reflecting back on that time period brings a smile to my face and I am so thankful for Betty being a part of those memories. The added bonus for me was my getting to know you both and your families.*

*Though she is gone, her love for you remains and always will as she lives on within your heart.....and her spirit guides you still. Hoping the legacy of love your mother left both of you will be a source of strength and comfort for you now and in the future.*

*Please know my thoughts are with you and your family.*
