“ I heard that you went out with a bang, Chester. I wish I could have been there to see that!! Only you and your friends could have come up with an idea like that. Thanks for letting me get to know you and Sue, and for the cold beer and beautiful view of your property. You will be greatly missed.

“ Sorry to hear of Chester's death. Growing up in Jasper County, Chester and I became good friends. As often happens life takes you in different directions when you grow older. So I didn't see Chester very often, but I always remember the good times we had. Chester will be missed. My condolence to his family.

“ I'm deeply sorry for your loss. I know that death is a terrible thing for anyone to experience. But what i hope that you can find comforting are the words found in Gods word the bible at Rev. 21:3,4. Specifically verse four where it says, "And he will wipe out every tear from their eyes and death will be no more. Neither will mourning nor outcry nor pain be anymore. The former things have passed away." So this scripture gives us hope that we will one day see our dead loved ones again, because God has promised us this.
