“ *Diana deeply touched each of us with her exuberance for life and caring and love for our family! She knew how to experience and enjoy life to the fullest, to be in the moment, to just plain have fun! I know I always looked forward to spending time with her and her family knowing our time together would be lively and exciting, fun and interesting!! She was determined, hard-working, and intelligent so she excelled at her career. Most importantly she "walked the walk"--demonstrating how she deeply cared for those she loved!! She would do whatever she could to help, support, care for, and be there for us!! Our family is so very blessed by her example and love!!! She lives on in our hearts!!!*

Diana was a great person with a big heart and soul. She war a good listener... we all came to her office to vent out.

“ I am still in disbelief over the news of Diana's passing. Having worked with her for quite some years, I came to love and respect her not only for a fellow co-worker and as my manager, but also as this fun and caring person that she was! She would always have an open ear for anyone and their problems, tried to give the best advise she can give and showed you that she cared about everyone around her with her all of her actions. I remember every one of her countdowns in our office to her next cruise and the fun stories she would come back with. Diana was truly a one of a kind and will be missed!

Wishing you strength and peace during this hard time,

“ I am stunned and saddened to hear of Diana’s passing. Even though I had not spoken to “Dinana” in a while, I often thought about her and about the fun we had while working together. She was truly the best manager anyone could ever ask for but to me she was also a friend. She always had an open ear for everyone and she gave the most honest advice. There are simply no words that come close to express what an amazing and caring person Diana was. Diana will be missed by so many but her memory will live on in all of us. With deepest sympathy,
Birgit Fox
