“ There are not enough words in the world to express how kind, caring, funny, adventurous and just plain good Jim was. There was the time I burst into tears when he asked me why I wasn't driving my Olds Omega & I sobbed "I can't find anyone to fix it" and before the day was over, it was back in my driveway running. The old TroyBilt tiller I was trashing that he asked if he could try to get running instead. I smiled every time I heard it racketty nacketty as he plowed his garden with it. So many of his beloved cows we fed and chased, so many fences mended (literally & figuratively, it disturbed him when folks didn't get along) so many of my animals he cared for when I traveled. You could always count on Jim to be there when he was needed. Many mornings when he came to check his cows, we sat in his little white truck with Bubba, solving the problems of the world. He was not only an amazing mechanic, he was a great storyteller. I heard about life in Rockdale County back in the old days, wild car rides down Milstead, growing up in Atlanta. I used to tell him he was the only person allowed down my driveway in a Tech shirt, so every time GA Tech beat my Bulldogs, he made a point of wearing that shirt, always with that sly grin. . As I write this, so many memories flood back. He loved his family so much and was so proud of them. I will forever be grateful for how he enriched my life and I am proud to call him friend. Wishing much love and prayers to his family.

“ *To Belle and all the Family-----Our hearts go out to you at this time of your loss. Have been praying for all of you the last few days . Belle, I will always remember coming out and having supper with you all at Uncle Mel's house when you and Jimmy were first married. Still miss Joe and will miss seeing Jimmy with you at our Class Reunion. That is just a memory for me, too, because we won't be attending this year either. Sending Love to all of you.*
