Jean took me in when I had no where to live. She is very kind. I enjoyed helping her. I know she is at peace. I will never forget you Jean.

“ I only knew Ms. Jeane for the last three months. I work at the assisted living facility she resided and there are many of us there that will miss her. She had a large personality, but also always let us know she loved us for trying to help her.
We love you too. Ms. Jeane!! And we won't soon forget you!

“ Jeane Arden work at the government and so did I We used to shop for Beanies babies and we also rode to work together. Even though she collected a lot of items. She was a very sweet per son she would give you the shirt off of her back. I wish I had know she had passed away I would have been there.
God Bless the family
