“ Sending prayers and condolences. I worked with Mia at the City of Stonecrest within the Finance Department. She was one of my reporting supervisors during my time there and we would often have funny conversations about family and life. She shared a lot of her experiences with me and I remembered when her dog became sick. She always spoke about the love for her family. May God comfort and bring peace to family and loved ones at this time.

“ My most treasured memories of you is your sense of humor, love in your heart for your children when we talked, as well as the love you had for Bearen and Rascal. I treasure our moments of laughter, text shared discussing crazy things we witnessed and heard. Our time knowing each other here on this earth was short, but I will hold you in my small circle of friends throughout all eternity. May your load be lite and your love shine from above. Until we meet again, know that you are loved and that your family is proud of you. Rest well, my friend. Rest well.
