“ Margaret as I knew her was always kind toward me when I was in high school. We regularly messed up her living room with amplifiers, keyboards and musical stuff but she never complained and always welcomed us into her home. She will be missed by many.

“ My condolences go to Margaret's family for their loss. Margaret Baker had much to do with getting me my first job with the Clayton County School System in the summer of 1968, as I prepared to begin my first year of teaching in the fall. She made many contributions to the school system and touched the lives of so many people. I have always been blessed by her efforts early on in my 30-year career in public education. May God bless her family. Carol O'Neal
