Bob was a great mentor along with John. He was also fun to be around while I was in the youth programs at Conyers Pres. Thanks for the memories! Carol, your family is in our prayers.

The Pettepher family has so many wonderful memories of time spent with Bob. The youth mission trip to the coal mining community & lessons learned had a lifelong impact. Carol may God bless you & your family.

Carol, I cherish the memories of Bob's steadfast support of the science club-patiently guiding students in the construction of a sundial and the two of you serving as chaperones on numerous field trips. Our children remember his bright smile each Sunday at Conyers Pres, and William still reflects on his humor while riding together to the UGA Marine Institute on Skidaway Island during one of our excursions with students. Keeping you and your family in our thoughts and prayers.
