“ I just learned today about Steve's passing and my heart is heavy. I've known and loved Snake since I was a kid. My Dad, Grover Tanner, worked with Steve at Western Electric {AT&T}. I remember going on the snake hunts, the VW bus, and the giant Monitor lizard he had at his house. I loved reading anything he wrote; he had such a way with words. I told him often I wished I had his talent. I loved getting the photos of all the breakfasts, luncheons, and Christmas dinners as well as the "Magical Memory Time Machine" emails so I could share them with my Dad who doesn't have internet. I last saw him at the WECO breakfast at Matthew's at least a year ago. I didn't realize that would be my last visit with him. He was always so kind to my Dad, me, and my children, especially, my Autistic son who thought it was funny that I called Steve "Snake".

“ I knew Steve from way back in the 50's when I lived on Barbara Drive and later Fenway Circle, just a few backyards away from his house. Steve taught me to catch snakes and we once searched his house in vain for a boa that had gotten out of its cage. He had a large turtle pen also and I remember when his snapping turtle went missing and he asked his next door neighbor who said he had seen it moving across his lawn but wasn't of mind to stop it. I also knew Lynn and Dale Ross. My sympathies and condolences to his family, knowing he leaves behind children and grandchildren that will remember the good times. Jerry Hassler

To The Family: I first met Steve (snake) at the AT&T bldg. in Conyers in 1965.He was always on the job,he could be bombastic at times and a big teaser.Steve liked people in recent years he had mellowed and his other side emerged.I saw him in April at a co. get together he seemed okay but he was mostly a private person.I was shocked when I got the news.I know he will leave a hole in your family and we will miss him also. “ *Steve has been part of our family ever since his son Matt married our daughter Donna twelve years ago. He will truly be missed but always remembered in our hearts. Steve and I stayed in touch through our conservative emails until the day he passed away. We will not be able to attend his funeral however our son David Moore will be there to represent our families love for the Carson family.*

“ Having known your dad and having been an Avondale High School classmate, I was pleased to have resumed contact with him about ten years ago. I was among many that appreciated the deep thoughts that he shared on our A-mail publication. His thoughts were so deep and well expressed that I told him that he was a second-coming of William Faulkner. He will be missed in ways that only he could have eloquently written.

“ Steve is a person that Avondale High School is very proud of. His sincerity and caring for others is an inspiration. He was always a welcoming, cheerful, contributing, participant at the Avondale High pizza dinners. To say Steve was well spoken is a vast understatement! When you engaged Steve in conversation, it was very rewarding. You got your money's worth! Of all the posts in Avondale Amail, and there were some mighty good ones, I must say that I believe Steve's were the most moving. Steve was paying attention to life and his friends and family, and that was evident in the profound accuracy of his posts. Our thoughts and prayers are with you and your family. You are loved and will be missed. Thank you, Steve. Sincerely, Bobby Ailion, AHS 1966

“ *My wife and I attended school with Steve at Avondale High and have kept up with him seeing him on a regular basis locally. His death is a total shock to us having learned of it from a friend near Houston, TX. Steve was one of the brightest people we have ever known and had a vocabulary that is unmatched. His control of the English language was staggering. I know he will be missed but take some comfort knowing he is now with his beloved Lynn again. RIP dear friend.
