*My heart aches for you now. Even though I never met Tim, he came alive to me through the stories you would tell me. I will always cherish the memories of us looking for a new Harley T shirt for him when we traveled to our various NAON adventures. I think about how much the two of you liked your water sports. It was so wonderful that you were able to share all of those fun times with him. My prayers and support go out to you. If you ever want to talk or just need support, I am only a call away. May God Bless you and keep you close as he eases your pain.*

“ I have met a lot of different people in my life but I have to say Tim was one of the most unique. He lived for fun. I have so many memories that it is hard to choose any one thing. He made me laugh and it was a pleasure to be around him. He loved his family and friends and would do anything for them. He had a loving, giving spirit and just knowing he is no longer with us makes me sad. Randall and I loved him like a brother. My love and prayers to you Jane and to Tim's family. I know you will miss him so much. You AND his loyal canine companion, Harley.

“ To Jane and the family of Tim:  
Our sincerest sympathy to Jane and all the family and friends of Tim Edens. We were fortunate to count him as a beloved friend for many years. With his doo-rag on his head and his motorcycle humming beneath him is how he will be remembered by so many. Loved his ready dimpled smile and kind heart. I hope there are Harleys in Heaven cause he is one angel who will treasure a good ride.  
Love,

“ In all my years of teaching, I recall many happy experiences and many students. Memories of Tim are emblazoned on my brain cells like no other. I don't think I ever saw him without a smile on his face or a readiness for fun. I just loved him. Tim was a first class prankster and when you thought you'd like to wring his neck, he'd do some silly thing and you just had to laugh.

*I last saw Tim about 30 years ago when he dropped by my office in McDonough. He had that same joie de vivre, constantly in motion. My deepest affection for Jane, (whom I never knew), and to Gene, who was also my student, beloved, but a much more subdued one!!!*

“ One of the greatest shocks of my life was when I got the message about Tim. I thought that happy person would outlive me by many years. One of my sisters said, "Tim was like family!" - and he was. Rest in Peace, sweet friend. Hope you & Paul can meet up in Heaven and share some of those old stories
