“ So sad to hear of Valerie's passing. Valerie worked for me in the Material Control Dept. at the GM Doraville plant. Not surprised to hear of her love for homeless animals. Her love and caring for people was always evident at work. She participated and found ways to improve her job and as a problem solver to others work assignments. Her contributions aided to make Doraville's Material Control Group one of the finest in the Corporation. May she Rest in Peace.

“ *Condolences to you and the family, Gene. So very sorry to hear this. As you know Valerie and I were classmates at Georgia Southern. We first met when I was policing in sweltering Statesboro and was finishing a crash investigation in front of her DZ sorority house when she brought out a cold drink and fresh baked cookies. We had a number of CJ classes together and graduated at the same time. Such a kind and considerate lady. She will be sorely missed.*

“ *I met Valerie when our children (Jessie & Ashley) literally grew up together at a babysitters home when they were just babies. They did activities together throughout high school. We had trips to the beach, gymnastic events and cheerleading competitions throughout the years. I have fond memories of her and her love for animals. Rest In Peace Valerie!*

“ It was the privilege of a lifetime being Val's stepdaughter for over 43 years. From being a bridesmaid/flower girl in her wedding to my Dad to dancing with her at my sister's recent wedding ... and every moment in-between.

Anyone who knows her knows her love of animals - so, every time I saw a stray cat, dog, turtle, etc., I would pull over and call her to get her advice on what to do. Her love for all animals is something I will always remember.

I lost my stepdad to cancer 4 years ago and she folded my Mom right into the family which was not at all expected. From inviting my Mom to Christmas Eve dinner to inviting her to my sister's wedding. My Mom was in mourning, Val knew it and folded my Mom right into the Wilson family which is something my mom and I will never forget. That act alone shows what type of human she was.

I will miss her unbelievable sense of humor to simply knowing she was always there whenever I needed her.

It was truly the honor of my life.
