“ Pam and Penny, I was shocked and saddened today when I heard of Miss Virginia's passing. I had planned to call and see if a visit was possible when I fell ill myself. My first memory of her was when we were in the fourth grade. She had on her nurse's long navy lined in red cape and her nurse's cap. She looked formidable in it. She saw a lot of me over the years, going in and out of her house with her daughters. Your Mom and Dad both were loving parents, devoted to the church and kept a keen eye all the kids coming and going along Main Street. We were very blessed children to have the parents we did. She and Mr. Josh are together again now. And mine have gone on as well.

Every time I pass the Stewart house, I think of you and your family. And the turn off to Almond Rd “cabin” as well.

May your hearts be comforted on your loss. It is said that Heaven is a beautiful place. Love and condolences to you and your family.

“ To Penny, Pam and all the family, I want you to know my heart is with you in this time of sorrow. Virginia often said I was her “other” daughter and that meant so much to me. Over the years you have all had a special place in my life and I’m here to do anything I can to help. Just say the word. While she lived a long and healthy life, we are never ready to say good bye and I imagine she felt the same way. May God’s compassion and grace see you through this time of grief. Love you all, Wanda Calamis

“ I have worked with Dr Robinson going on 28 years and so therefore, I have known Ms Virginia that long. She and Penny would come into the office every 6 months for a check up. Every time she came in for many years, I would hear of some of her stories of her nursing career at Rockdale Hospital. I was so I intrigued hearing these stories but I was also inspired by her strength, wisdom and “I am woman” attitude. Such a feisty strong woman that loved her family deeply. She will truly be missed. Go rest high Ms Virginia and God speed
