“ *Dear Tom & Family,*

I just learned of your dear son's passing on TV. Please know I am praying for God's comfort and strength thru this difficult time. I recall many years ago, when William was born and you were so very proud of him and shared the good news with me and many others at the court house in Jonesboro. You were one proud dad!! I know you have many wonderful memories of his dear life.

“ I'm deeply sorry for your loss. I hope the words found in the bible at Isaiah 25:8 brings comfort. God promises to "swallow up death forever". No more will we have to suffer heartache for God says he will "wipe away the tears from all faces". Such a joyous time it will be; reunited with our dead loved ones!

“ We worked with William on a few projects during the time he was with Leslie Contracting. Without me even knowing his young age I assumed he was a veteran estimator & project manager judging by how competent & professional he was towards everyone he worked with. He was definitely a great person. Our deepest thoughts & prayers go out to the family of William during this tragic time from the entire EliteProNet Family

“ *I was privileged to work with William at Leslie Contracting and learned that he was not only a mature, bright young man but one who had a caring, sweet disposition that made him a joy to be around. His smile would always brighten my day and his humor was so refreshing...especially on Wednesdays when he would do the 'Hump Day' chant upon entering the office. I know that the days ahead will be difficult for you and I pray that you will be comforted in knowing that he was special to so many and will be missed by those who knew him.*

May God give you peace and cover you with his grace and love.

“ *May God comfort your family and hold you close to Him during this incredibly hard time. I cannot imagine the pain you are going through but sincerely hope that the wonderful stories you are sure to hear about William in the coming days and weeks will give you some comfort and maybe a moment of joy at knowing what a wonderful person he was and how he touched others.*

I had the privilege of working with William at Leslie Contracting and he always came in with a smile. He was a good worker and was always willing to help out - even if it wasn't his normal job duties. I certainly enjoyed getting to know him for the short time he was here....in that year, we at LCI learned from "the kid" almost as much as he learned from us. William was a very smart, polite and respectful young man who will be missed dearly.

Your family will be in my prayers. I am so deeply sorry for your loss.

“ *Will and I both went to Skipstone Academy and became close during my sophomore and his senior year of high school. Both of our little sisters were in the same class that year, and both ended up inviting each other to their birthday parties at Mega Maze. Will and I were at both of those parties and as much as we loved our sisters, we would get a little bored so we would go and play Put Put outside. This was always fun because we are both competitive people and he was always really good at Put Put. He always won every game and loved to see me get mad. During one of those parties, he convinced me to get in the kid's climbing pin after they had all gone into the party room. I was afraid of looking immature and getting in trouble, but, it looked like a really cool playground so I gave in. We both felt ridiculous trying to climb it, laughing the whole time. That was my favorite day with him. -Keeley Adkisson*
